Could a string of affordable 60-second commercials on one of the area’s most powerful radio stations help boost your business while honoring your budget? Naturally, I say *yes*. But not just because I want you to run them on *The Nora Firestone Show*!

“What?” you query, scratching that brilliant head.

Glad you asked!

About the Show

The Nora Firestone Show airs 1 – 2 p.m. Thursdays on Freedom 1110 AM, WKQA. Listeners tune in for valuable professional business insights pertaining to writing and communications, journalism and media relations, publishing, marketing, DIY website design, organizational leadership and more. And since “nothing impacts business more than politics does,” pro-American principles and anti-socialist persuasion sometimes frame talking points or an entire hour. The overarching emphasis: insightful discussions that educate, equip and empower listeners for their own personal and professional endeavors.

The Nora Firestone Show takes two commercial breaks per hour, enabling businesses and organizations to connect with, or “touch,” members of their target markets listening live throughout southeastern Virginia, northeastern North Carolina and southern Maryland, and anyone worldwide tuning in to live-stream or on-demand episodes online, with **affordable** professional radio promotion. What’s the catch? Sponsors must be willing to spurn the old adage, “You get what you pay for” (and stop ending sentences in prepositions), and acknowledge an authentically generous offer when they see one.
